Reimbursement Policy ID: RPC.0068.7100

Recent review date: 01/2026

Next review date: 01/2027

*AmeriHealth Caritas Delaware reimbursement policies and their resulting edits are based on guidelines from established industry sources, such as the Centers for Medicare and Medicaid Services (CMS), the American Medical Association (AMA), state and federal regulatory agencies, and medical specialty professional societies. Reimbursement policies are intended as a general reference and do not constitute a contract or other guarantee of payment. AmeriHealth Caritas Delaware may use reasonable discretion in interpreting and applying its policies to services provided in a particular case and may modify its policies at any time.*

*In making claim payment determinations, the health plan also uses coding terminology and methodologies based on accepted industry standards, including Current Procedural Terminology (CPT); the Healthcare Common Procedure Coding System (HCPCS); and the International Classification of Diseases, 10th Revision, Clinical Modification (ICD-10-CM), and other relevant sources. Other factors that may affect payment include medical record documentation, legislative or regulatory mandates, a provider's contract, a member's eligibility in receiving covered services, submission of clean claims, and other health plan policies, and other relevant factors. These factors may supplement, modify, or in some cases supersede reimbursement policies.*

*This reimbursement policy applies to all health care services billed on a CMS-1500 form or its electronic equivalent, or when billed on a UB-04 form or its electronic equivalent.*

*To the extent that any procedure and/or diagnosis codes are specified in this policy, such inclusion is provided for reference purposes only, may not be all inclusive, and is not intended to serve as billing instructions. Listing of a code in this policy does not imply that the service described by the code is a covered or non-covered health service. Benefit coverage for health services is determined by federal, state, or contractual requirements and applicable laws that may require coverage for a specific service. The inclusion of a code does not imply any right to reimbursement or guarantee claim payment. Other Policies and Guidelines may apply.*

## Policy Overview

This policy describes the reimbursement guidelines for submitting claims for obstetrical services, including antepartum, delivery and postpartum services.

## Exceptions

N/A

## Reimbursement Guidelines

A Primary Care Provider (PCP) can serve as the member's personal practitioner and is responsible for coordinating and managing the medical needs of AmeriHealth Caritas Delaware members. Advanced nurse practitioners, nurse midwives, and licensed physicians in the following specialties may serve as plan PCPs:

- General Practice
- Pediatrics
- Internal Medicine
- Geriatrics
- Obstetrics/gynecology (OB/GYN)
- Family Practice

### OB/GYN practitioner as PCP

Participating Obstetricians are responsible for medical services during the course of the member's pregnancy, and for coordinating testing and referral services. Obstetricians may also provide routine primary care and treatment to pregnant members under their care. Examples of routine primary care may include:

- Treatment of minor colds, sore throat, or asthma
- Treatment of minor injuries
- Preventative health screenings and maintenance
- Routine gynecological care

### Delivery

Providers should bill the appropriate CPT code that describes the type of delivery (ex., vagina, cesarean section).

CPT Code	Description
59409	Vaginal delivery only (with or without episiotomy and/or forceps)
59612	Vaginal delivery only, after previous cesarean delivery (with or without episiotomy and/or forceps)
59514	Cesarean delivery only
59620	Cesarean delivery only, following attempted vaginal delivery after previous cesarean

### Postpartum

Providers should submit CPT code 59430 for postpartum visit(s).

## Definitions

### Antepartum

The period of time between conception and the onset of labor.

### Postpartum

The period of time after the delivery of the baby lasting six to eight weeks.
